ALTITUDE RENOVATIONS

HIGH ALTITUDE PLUMBING CARE

Preventative care, preferred scheduling.
A HIGHER standard of service.

SMART LEAK DETECTION + AUTOMATIC WATER SHUTOFF

AWAY FROM HOME? WATER DAMAGE DOESN'T WAIT.

Help stop a costly leak from becoming a major loss.

Moen Flo Smart Water Monitor and Shutoff

Installed on your main water line, Moen Flo monitors water use and can automatically shut off the supply when it detects a critical leak.*

Moen Flo shutoff + app

SMART PROTECTION. LESS GUESSWORK.

DETECT Recognizes unusual water use and potential leaks.

ALERT Sends app notifications so you can investigate.

ACT Automatic shutoff for detected critical leaks, plus remote water control through the app.*

MADE FOR THE PLACES YOU CAN'T ALWAYS WATCH.

RENTAL HOMES / Guests coming and going.
SECOND HOMES / Long stretches between visits.
LARGER HOMES / Bathrooms and utility spaces out of sight.

$1,295 INSTALLED

INSTALLED BY LICENSED AND INSURED PLUMBERS

Includes one eligible Moen Flo shutoff, standard materials, professional installation, testing and app setup assistance. Request your installation today.

highaltituderenovationsutgc.com/plumbing/

*Requires compatible plumbing, proper installation, activation and settings. Nearby AC power and 2.4 GHz Wi-Fi are needed for connected features. Learning/Sleep modes affect protection. Does not prevent every leak or guarantee against water damage. Standard installation: accessible, compatible 3/4-inch or 1-inch plumbing, existing suitable power and Wi-Fi. Additional plumbing/electrical work, larger devices and applicable taxes extra. Standard installation price is $1,295; any additional work requires a separate approved quote.
